Microsoft Business Certification

The Microsoft Business Certification program recognizes the skills needed to use the full features and functionality of Microsoft Office programs and the Windows Vista operating system. Whether you want to stand out in the job market, are an employer looking to improve and simplify your organization's hiring processes, or empower yourself to enter the workforce, Microsoft Business Certifications demonstrate proven expertise that businesses will depend on.

Office Word 2007
Office Excel 2007
Office Outlook 2007
Office PowerPoint 2007
Office Access 2007
Windows Vista

An IDC study shows that 75% of all administrative employees are required to have either moderate or advanced Microsoft Office skills — make sure that you are qualified for your next job role. ([IDC, 2007](#))

	12	6

The Microsoft Certified Application Specialist (MCAS) credential is a globally recognized standard that validates skills with using the 2007 Microsoft Office system and Windows Vista. The MCAS credential meets the demand for the most up-to-date skills on the latest technologies from Microsoft. The MCAS credential validates the skills that individuals and organizations depend on.

Candidates who successfully complete the program by passing certification exams in each subject prove that they meet globally recognized performance standards and are able to work productively and efficiently.

Seats are available on a first come first serve basis so register soon.
