**Specifications for Poster Presentation**

The following specifications should guide you in preparation of your poster presentation:

1. Poster size may be no more than 42 inches in width and 48 inches in length or 105 cm by 120 cm. Oversized posters will obscure an adjacent poster and thus be rejected.
2. Leave a border of at least two inches (5 cm) all around the poster.
3. At the top left hand corner place your poster number. Below it in large type, the abstract. All posters should feature a title, author’s name, the name of the institution where the research was performed, and should credit others, as appropriate. The title lettering should be about 2" to 3" (5cm to 7.5cm) with subheadings 1/2" to 1" high (1.25 to 2.5 cm).
4. The remainder of the poster should be occupied by: an introduction, illustrations (tables and figures) etc with the conclusions in the bottom right corner. Text material should be approximately 24 points.
5. All posters must be set up in the time allotted before the session and must remain up until the conference ends.
6. Presenters are to remain by their poster during the display session, to answer questions.
7. The conference staff will provide push pins and stands with mounting boards.
8. Conference staff will also assist in locating the assigned position for your poster.
